

TEACHING POSITION AVAILABLE – 17/18
BIOL 202/3.0 – Diversity of Life II
Department of Biology
Queen’s University, Kingston, ON CAN K7L 3J9

The Department of Biology at Queen’s University invites applications from suitably qualified candidates interested in teaching a course in *Diversity of Life II (60% of BIOL 202/3.0)*. This is an on-campus, lecture course with an expected enrolment of ~340 students. Candidates should have a Ph.D., and teaching experience at the University level in Biology. The successful applicant will work with the course coordinator to deliver 60% of the lectures. Priority given to applicants with expertise in invertebrate biology but also with knowledge and experience with vertebrates. This is a winter term appointment for the period January 1, 2018 to April 30, 2018, with classes in session from January 8, 2018 to April 6, 2018.

The University invites applications from all qualified individuals. Queen’s is committed to employment equity and diversity in the workplace and welcomes applications from women, visible minorities, Aboriginal peoples, persons with disabilities, and LGBTQ persons. All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.

The University will provide support in its recruitment processes to applicants with disabilities, including accommodation that takes into account an applicant’s accessibility needs. If you require accommodation during this process, please contact: Biology Department, Dr. Brian Cumming, Head, cummingb@queensu.ca, 613-533-6132.

The academic staff at Queen's University are governed by the *Collective Agreement* between the Queen's University Faculty Association (QUFA) and the University, which is posted at <http://www.queensu.ca/facultyrelations/faculty-librarians-and-archivists/queens-qufa-collective-agreement>.

To comply with Federal laws, the University is obliged to gather statistical information about how many applicants for each job vacancy are Canadian citizens / permanent residents of Canada. Applicants need not identify their country of origin or citizenship, however, all applications must include one of the following statements: “I am a Canadian citizen / permanent resident of Canada”; OR, “I am not a Canadian citizen / permanent resident of Canada”. Applications that do not include this information will be deemed incomplete.

Applications should include a complete and current curriculum vitae, letters of reference from two (2) referees, and any other relevant materials the candidate wishes to submit for consideration such as a letter of intent, teaching dossier, etc. **Please arrange to have applications and supporting letters sent directly to:**

Dr. Brian Cumming, Head
Department of Biology
Queen’s University
Kingston Ontario Canada K7L 3J9

Applications will be received until September 25, 2017. Review of applications will commence shortly thereafter, and the final appointment is subject to budgetary approval. Additional information about the Department of Biology can be found at <http://biology.queensu.ca>.

Course Description:

BIOL 202/3.0 Diversity of Life II

A survey of animals, their internal organization and their relationships to their environment. Organismal biology is discussed in a phylogenetic context and the evolution of organizational complexity and the relations between structure and function

are stressed.
